Re: Southern Vinyl Siding & Windows

To whom it may concern:

I'd like to inform you of the services I've had with Southern Vinyl Siding & Windows. A few months ago, I called the sales rep out to give me a quote. He was very thorough in explaining to me the quality of their products as well as the installation. I was very surprised and pleased at the cost and the brief amount of time it only takes for installing windows. There was no pressure at all and I was immediately sold. I called a few days later and set up an appointment for installation. The staff was very freindly and helpful. The technician came out and was very prompt, professional, efficient and courteous. He was done before I knew it.

My husband and I are very pleased at the difference we noticed in our home now, because of our new windows. I have no regrets at all for choosing this company. I would highly recommend them to anyone.
